Southwest Gas Proudly Supports the Primavera Foundation in Providing Pathways Out of Poverty

Ken & Linda Robin
help create pathways out of poverty for those in our community
Primavera’s mission is to provide pathways out of poverty through safe, affordable housing, workforce development, and neighborhood revitalization.

Primavera’s vision, to promote economic and social justice while working to build a future in which all people are assured basic human rights, a livable income, and safe and affordable housing, remains the guiding principle for the organization’s strategic direction.

Primavera works hand-in-hand with members of the community, meeting people where they are on their own pathways and providing services and opportunities for each step along the journey.

Survival – For many men, women, and families, the first step to getting off the streets is connecting to one of Primavera’s emergency services programs, where they will find immediate relief and shelter as they recover from economic crisis. These programs often serve as the first stepping-stone out of poverty, assisting people to acquire the information and skills needed to live independently and offset future crises.

Stability – Primavera helps men, women and families experiencing homelessness transition to a stable existence by providing safe, affordable housing and opportunities for steady employment.

Security – Primavera provides a variety of financial education and asset-building services, including incentive-based savings plans and homeownership opportunities for individuals and families seeking long-term financial empowerment.

Sustainability – Primavera works with a variety of partners to engage residents, neighborhoods, businesses, and volunteers to promote and sustain a healthier, more-vibrant community. Strategies include the development of affordable housing, leadership development, civic engagement, and advocacy for changes to critical policies impacting poor and marginalized members of the community.
Long Realty Cares Foundation’s mission is to offer the promise of HOPE to those who need shelter, sustenance and comfort, and the commitment to SERVE the needs of the communities in which we work and live.

SUPPORT THE PROGRAMS OF PRIMAVERA
The Primavera Foundation

Founded in 1983 by Nancy Bissell and the late Gordon Packard, Primavera began serving the community by addressing the systemic causes of homelessness through advocacy and community education. Primavera began as an all-volunteer, grassroots organization dedicated to serving the impoverished and marginalized population of Pima County. From the beginning to address basic needs for survival, including food and emergency shelter/housing, Primavera has grown and expanded over the past 36 years to meet a wide range of increasing needs and to facilitate meaningful results that impact so very many lives. Primavera has evolved to provide a dynamic continuum of services that currently span from meeting those basic human needs to the security provided by employment, financial empowerment, homeownership, and the sustainability evident in initiatives that include community gardens, water harvesting programs, net-zero, energy-efficient community development, neighborhood revitalization, and long-term, positive, life-changing outcomes for individuals, families, and our community.
